Sleek & Modern

The **Emperor Concealed**
The Future Of Bi-Folding Doors

With Patented Concealed Hinges

Our Emperor Concealed has been designed to shape the future of bi-folding doors and change the way you live in your newly created space.

The doors have been designed with patented concealed hinges which are completely hidden when closed. This creates a seamless, modern look with uninterrupted lines; perfect to frame any focal point and brings the outdoors in. To compliment the doors seamless and modern look, a new handle has been designed that sits flush to the profile and offers practical security but with a stylish edge.

The extensive range of colours and hardware also means each door can be fully customised to suit your individual style requirements and provide that perfect look you wanted.

Key Features

- Patented concealed hinges for a clean look.
- Security tested to PAS 24.
- Weather tested low threshold.
- Flush stylish handles to compliment the modern feel of the door.
- Utilises the natural strength of aluminium to create slim, thermally broken profiles.
- Uses low maintenance, hard wearing powder coated aluminium.
- Over 200 single or dual colours.
- Also offered in Single or French door styles to match.
- Exceptional array of security features as standard.
- Doors are bottom hung and run on double stainless steel tracks.
- All door styles have the option to open in or out.
- Performance exceeds the Oct 2010 building regulations.
- Document 'Q' compliant.
- Internally beaded for added security.

Options

- 2 to 7 panel folding configurations.
- Low or standard rebated thresholds.
- Square or chamfered bead to the interior.
- Square or rounded profile to the exterior.
- White, light grey or black gaskets.
- Range of quality hardware in a variety of colours.
- Dust free integrated blinds.
- Colour matched aluminium quad trims.

Minimum Width	700
Maximum Width	1000

Door Heights

Minimum Height	1600
Maximum Height	2400

- All bi-folding door styles can be mirrored from shown.
- All styles have a choice to either open out or open in.
- The sizes detailed above are for guidance only.
- If the sizes you require are less than the minimum or exceed our maximum recommended sizes please contact us.

Security

Our Emperor bi-folding doors are tested to PAS24 for security and are equipped with a comprehensive set of security features.

- All handles are key lockable as standard.
- Lever handles use a 6 point locking system. This includes 2 heavy duty hook locks, 1 dead bolt, 1 latch and 2 roller cams.
- Intermediate panels use heavy duty shoot bolts top and bottom.
- Bogie wheels and top rail guides are used as an anti-jemmy feature to prevent panels being lifted off the tracks.
- Doors with outside access use high security cylinders that are pick resistant, anti-drill and anti-bump.
- Upgrade to laminated glass for added security.
- The doors are internally glazed to offer greater security.

Anti-Bump Cylinder

Heavy Duty Hook Locks

Thermally Efficient

Performance

Our doors are designed to provide the best performance possible. With the longevity of aluminium and minimal maintenance needed these doors are designed to last the test of time.

U-Value W/M ² K	Air Permeability	Water Tightness	Wind Resistance	Security
 1.8	 600 Pa	 450 Pa	 1200 Pa	 PAS 24

Weather test results were performed on our low rebated threshold.

Threshold Options

- 66mm Standard rebated threshold.
- 28mm Low rebated threshold with optional clip in cill.
- Optional projection cills are available (add 25mm to the threshold height).
- Cills come in 4 projections 85mm, 150mm, 190mm or 225mm.
- Standard rebated provides a fully weather rated threshold.
- Low rebated provides a slim yet weather rated threshold.

Standard Rebated Threshold

Low Rebated Threshold
